Deliver point-of-care information over the Web...

eIVF Patient Portal features secure, reliable, point-of-care information over the Web. It helps to streamline workflow processes and allows RE practitioners to disseminate critical information better and faster, while maintaining a magnifying glass on true patient care.

eIVF Patient Portal Features:

- Patient Profile, History and Intake
- Appointment Reminders and Confirmations
- Treatment Instructions and Cycle Summary
- Patient Education Material
- Consents, Letters and Instructions
- Medication Instructions (Videos and Print Material)
- Secure Messaging System
- Satisfaction Surveys
